## Section 1 – Introduction

This directory provides a list of Colorado Choice Health Plan’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your **Primary Care Provider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Your PCP is a provider who meets state requirements and is trained to give you basic medical care. You will usually see your PCP first for most of your routine health care needs. Your PCP can help arrange or coordinate your covered services for you. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other network providers for updates about your care and/or treatments. When you enroll in Colorado Choice, you will be asked to select a PCP from this directory. If you do not select a PCP, one will be assigned to you. You can change your PCP by logging into your Choice Connect account or by calling our Customer Service Department at 719-589-3696 if calling from within the San Luis Valley or at 1-800-475-8466 if calling from outside the San Luis Valley, 8:00 am to 8:00 pm, 7 days a week, Oct 1 – Feb 14, and 8:00 am to 8:00 pm, Monday through Friday, Feb 15 – Sep 30. TTY users should call 1-800-659-2656.

Remember, you can get care from non-network providers without a prior authorization. However, if you use non-plan providers for care that is not emergent or urgently needed, you will have to pay the Original Medicare Plan cost-sharing amounts (such as deductibles, co-payments, and coinsurance).

The “network providers” listed in this directory have agreed to provide you with your: **health care/vision/dental services**. You may go to any of our network providers listed in this directory: **however, some services may require a referral**. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. You have the choice to go to a doctor outside our network. We may not pay for the services you receive outside of our network, but Medicare will pay for its share of charges it approves. You will be responsible for Medicare Part B deductibles and coinsurance. If you do not want to pay Original Medicare deductible and coinsurance amounts, it is very important to get a prior authorization before you see a doctor outside our network.

There may be times when you get a bill from a provider for the full cost of medical care you have received. You should send this bill to us instead of paying for it. We will process the bill and make a determination of your liability, if any.

If you have a medical emergency, get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. In an emergency, you never need to contact any plan provider, for either permission (“Authorization”) or referral. However, you or someone else should call Colorado Choice at 719-589-3696 if calling from within the San Luis Valley or 1-800-475-8466 if calling from outside the San Luis Valley, 8:00 am to 8:00 pm, 7 days a week,

Oct 1 – Feb 14, and 8:00 am to 8:00 pm, Monday through Friday, Feb 15 – Sep 30. TTY users should call 1-800-659-2656, about your emergency, usually within 48 hours.

You must use plan providers except in an emergency or urgent care situations. Emergency care can always be obtained in or out of the service area from the nearest provider. When in the service area you must use plan providers for urgent care. When out of the service area, but within the United States, urgent care may be obtained from the first available provider. If you obtain routine care from out-of-network providers, neither Medicare nor Colorado Choice Health Plans will be responsible for the costs.
