**CarePOS Dental Plan General Limitations and Exclusions**

This is a discount program. This is not an insurance plan. Beta Health cannot guarantee specialty care in all areas. In cases in which you are referred to a participating specialist, you will generally receive 15% to 20% off their usual and customary fees. Please verify such benefits with each individual provider. Work in progress, after joining the plan, must be completed by the provider who started the work. Any procedures performed by a non-participating provider are not included. Beta Health cannot guarantee the continued participation of any provider. If he or she leaves the plan, you will need to select another provider. Not all types of providers may be available in your area. Some providers may charge for missed or broken appointments if no prior notice is given. It is the member's responsibility to verify that the provider is a participating provider. This plan does not include all procedures which might be provided. Any procedure delivered which is not listed on the Schedule of Services may cause additional cost to be incurred by the member. The dollar amount specified adjacent to each procedure may not be the only cost incurred for a given treatment because the treatment may require more than one procedure. The program and the program administrators have no liability for providing or guaranteeing service and have no liability for the quality of service rendered. The most widely used dental procedures, discounted fees and limitations are illustrated. Please contact Beta Health Association, Inc. at (303) 744-3007 or 1-800-807-0706 with any questions. The CarePOS dental plan is marketed by Beta Health Association and administered by Careington International.
